

Talk

Democratic Forest Democratic Landscape -

Global Nomadic Arts Project

Thursday, September 25, 2025 | 4:30 pm to 6:00 pm
Schader-Forum, Goethe-Straße 2, 64285 Darmstadt

The Schader Foundation and the International Forest Art Association Darmstadt will host a panel discussion in the context of the Global Nomadic Arts Project (GNAP) in Darmstadt on September 25.

The Global Nomadic Arts Project brings together artists from across the world who work at the intersection of art, ecology, and community. Following the idea of nomadic exchange, artists travel from place to place, engaging with local environments, materials, and people, creating site-specific works that reflect both global concerns and regional contexts.

This year, GNAP takes place under the theme "Democratic Landscape – Democratic Forest." The focus lies on how artistic practices can explore, challenge, and reimagine the relationship between democracy, public space, and natural environments.

At the Schader Foundation, the emphasis will be on dialogue and exchange. A panel discussion between GNAP artists and experts will take place on September 25, offering insights into artistic approaches to ecological and social transformation, and opening up space for conversation with the public.

Programme

4:30 pm

Welcome
