Conference

European Business Ethics Network Research Conference

Strategies for business ethics, sustainable finance,
whistle-blowing

Wednesday, 28th and Thursday, 29th September 2022
Schader-Forum, Goethestraße 2, 64285 Darmstadt

Business ethics has emerged as an academic teaching and research discipline focusing on practical relevance, that is, moral conflict management and prevention, and education of future and present business professionals.

A strategic dialogue is needed in times of several parallel crises: the Covid-19 crisis with all its uncertainties and a European war since February this year, in addition to an increasingly noticeable climate crisis as we are all experiencing currently. Such a dialogue can either focus more traditionally on business ethics theory and practice, or use overlapping and competing terminologies and frames of reference - such as corporate responsibility, corporate citizenship, and most prominently: sustainability - in addition or instead.

The Schader-Stiftung and the European Business Ethics Network (EBEN) invite academics and business practitioners to the EBEN Research Conference 2022 in the Schader-Forum in Darmstadt.

Topics will be strategies for business ethics and sustainability research and practice throughout Europe. Additionally, we provide two parallel tracks on the se-

cond day. Track one will focus on sustainable finance and is based on paper presentations. Track two will focus on whistle-blowing and is based on a mix of dialogue design and presentations about projects in progress.

Questions to be discussed during plenary sessions and workshops include:

- What are our strengths and weaknesses, and what opportunities and threats do we face as responsible individuals and communities (such EBEN or networks in the field of social sciences) in a societal and global climate of crises and uncertainties?
- How can one make sustainable finance work in practice? What would a sustainable finance model look like for financial institutions?
- What is wise and legitimate whistle-blowing, i.e. neither abused nor under-exploited?
- What mix of normative-sceptical, empirical and practice-focused approaches can and should be used for investigating whistle-blowing appropriately?

- 18:15 – 18:30 **Closing Words**
- From 18:30 Conference dinner in „Haus Schader“, vis-a-vis to the foundation

Costs

Participation in the event is free of charge.
To cover costs for food & beverages we ask you to pay 40€ directly to the EBEN. (European Business Ethics Network. IBAN: NL34 INGB 0006 9743 87, BIC/SWIFT: INGBNL2A, Bank: ING Bank NV, Postbus 1800, 1000 BV Amsterdam, the Netherlands; reason for payment: "name of participant", "EBEN Research Conference, food & beverages").

Data privacy

This event will be documented with photographs and video recording that will be used for media reporting. The photographs and recordings will be published on the website and social media of the Schader-Stiftung and possibly in the press coverage of the Schader-Stiftung. More information on <https://www.schader-stiftung.de/datenschutz>

Infection protection concept

The number of participants on site is limited and only possible with valid vaccination or recovery certificate. More details on www.schader-stiftung.de/covid19

Travelling by plane

From Frankfurt airport, use the [AirLiner Direct bus](#) to Darmstadt. The bus

stops at the central station („Hauptbahnhof“) and the city centre („Luisenplatz“). For environmental reasons we recommend to compensate your flight.

Travelling by public transport

Take tram line 3 from the central station or the city centre in the direction of "Lichtenbergschule" to the stop "Goethestraße". Travel time: 10-15 minutes

Travelling by car

The Schader Campus does not have its own parking facilities. Parking spaces in public streets are scarce and can only be used for a maximum of two hours. The nearest parking facilities are in the Staatstheater parking garage and in the Orangerie Bessungen parking lot. For these and generally for ecological reasons, we strongly recommend to travel by public transport or bicycle.

Accommodation

If an overnight stay is necessary, there are accommodations available in Darmstadt in various price categories. Under <https://www.darmstadt-tourismus.de/en/visit/accomodations.html> you will find an overview as well as possibilities to book rooms directly. We recommend to book your accommodation in time.

Thursday, 29th September 2022
